

**REMARKS**

Claim 27 has been amended to delete multiple-dependency, and claim 29 has been added accordingly. No new matter has been added.

Attached hereto is a marked-up version of the changes made to the specification by the Preliminary Amendment. The attached page is captioned "**Version with Markings to Show Changes Made**".

It is noted that the claim amendment herein is made only for more particularly pointing out the invention, and not for distinguishing the invention over the prior art, narrowing the claims, or for any statutory requirement of patentability.

Further, it is noted that, notwithstanding any claim amendment made herein, Applicant's intent is to encompass equivalents of all claim elements, even if amended herein or later during prosecution.

Early, favorable prosecution on the merits is respectfully requested.

Please charge any deficiencies in fees and credit any overpayment of fees to Attorney's Deposit Account No. 50-0481.

Respectfully submitted,
